Wife Of Popular College Teacher Passes Monday

**Mrs. Grace M. Stewart Leaves
Friends Among Faculty,
And Students**

Grace M. Stewart, wife of C. C. Stewart, public speaking and journalism teacher of the Santa Ana junior college died last Monday night at the Santa Ana valley hospital after a short illness.

Mrs. Stewart was the close friend of many of the students and faculty of the college. Her death comes as a shock to all that knew her.

Born in Fostoria, Kansas, on October 24, 1898, Mrs. Stewart, whose maiden name was Grace Barkyoub, moved to Curtis, Oklahoma, when two years of age. She lived here for eleven years.

She entered high school in Redlands, California, in 1917, her family having moved to that city in 1911. After graduating she entered the Los Angeles General Hospital for a nursing course. She graduated in the spring of 1924.

Mr. and Mrs. Stewart were married in Corona, California, on July 19, 1924. Soon they moved to Berkeley, where Mr. Stewart took post graduate work at the university.

Mr. Stewart entered the local high school as a teacher at the beginning of the school year in 1926, and later became a teacher in the college. His work is now almost entirely confined to the junior college.

A baby girl, Dorothy Lee, was born to Mr. and Mrs. Stewart on October 30, of this year.

Mrs. Stewart is survived by her husband, her daughter, her mother, two sisters, and two brothers.

Don Debaters To Tackle Compton

The debating team of this school will enter their first league debate December 7, on the question, Resolve that trial by jury, be abolished in all cases except those involving capital cases.

The negative team will meet Pasadena at Pasadena, and the affirmative will meet Compton here. The debaters will be determined at the try-outs held today.

Algol Staff Plans Business Meeting

Members of the Algol staff will hold their second meeting tonight in the Don office at 7 p.m., according to Eleanor Turner, commissioner of the Algol.

The color scheme will be the chief topic to be discussed. Mr. Williams will talk about the type, and it is probable that the type will be chosen at this meeting.

All members are urged to be present.

Organizations of Santa Ana Junior College Express Regret At Death of Mrs. Stewart

The student body and faculty were grieved to learn of the death of Mrs. C. C. Stewart, who passed away Monday night after a short illness.

Mrs. Stewart was highly esteemed as a friend, and the wife of the instructor in journalism.

In our humble way the Don wishes to publicly convey to Mr. Stewart and Mrs. Stewart's family the following messages of sympathy:

The members of the Don staff wish to express their sympathy to their friend, teacher, and faculty adviser of their publication, on the death of his wife.

Ray Lindman, editor

November 20, 1928

Editor of the Don:

The Press club of Santa Ana junior college extends its sincere sympathy to its faculty advisor, C. C. Stewart, on the death of his wife.

Adelaide Mueller, president

November 20, 1928

Editor of the Don:

The members of the City Teachers' League wish to express thru the columns of your paper their very deep sympathy with Mr. Cecil Stewart and Mr. Clyde Cook, teachers in junior college and high school in their bereavement. The loss of two faculty wives in one week comes as a severe shock to all.

L. L. Beeman pres., City Teachers' League

Three J. C. Students "Blue Laws" Attack In Community Play Pasadena Students

Three junior college students are included in the cast of "Seventh Heaven", the November production of the Santa Ana Community Players, are Clara Kate Owens, as "Diane", Loretta Spangler as "Arlette", and Wylie Carlyle as "The Rat".

Though the three are newcomers to the ranks of the Players, all have appeared previously in various high school productions. In "Seventh Heaven" Clara Kate will portray the delightful character of "Diane", opposite Valmer Clark, of the Community Players, in the romantic lead of "Chico".

According to Mrs. Mona Summers Smith, publicity chairman of the players, the successful appearance of the various actors will depend largely upon their facial expressions. Mrs. Smith commended Clara Kate and Loretta on their work, saying that their dramatic ability promises well for future Community Players' productions.

Induction Services To Be Held By "Y"

Induction services will be held at the next meeting of the Y. M. C. A. at the city "Y" building on November 26.

It will be a dinner meeting, representatives from Compton junior college being guests. Arrangements are being made to have Judge Kenneth Morrison as the speaker of the evening.

Anyone wishing to join can get an application from Lyles McNairy before the induction service. Membership cards will be given out at the meeting.

SCENES FROM SANTA FE PROJECTED HERE

Slides of the scenes along the Santa Fe railway will be shown at assembly today in the high school auditorium.

Hazel Nell Bemus, director of art of visual education in Santa Ana public schools, will talk about the pictures of particular interest and importance.

The pictures to be shown are those of especial scenic beauty throughout the long lines of the Santa Fe.

George Tobias, who is in charge of the assembly, stated that the assembly would be held in the auditorium.

Deep Sea Diving Is New Winter Sport

Deep sea diving in the school swimming tank appears to be the latest winter sport at Santa Ana J. C.

Bob McLean, prominent member of the Don football squad and Coach Bill Cook tested out a diving suit, which McLean made, in the plunge Thursday afternoon. The two intend to explore the mysteries of the Laguna under sea channels and caves and may try their luck for abalones in the near future.

The diving apparatus consists of helmet, fitting over the diver's head and shoulders and a tube through which air is pumped by a hand pump at the surface. Water is kept from entering the helmet by the pressure of the air which is constantly pumped into it.

The diver is let down by a rope slowly so that his ears will gradually become accustomed to the increased pressure, said McLean. He has had much experience diving in San Diego bay having attended Coronado high school last year.

Bob has many interesting experiences to relate. He tells of the time in San Diego bay when his helpers let him drop all at once instead of gradually. The weight of the heavy helmet dropped him to the thirty-foot bottom when he lit on his head, swallowing a great deal of water. He of course threw off the helmet and swam to the top.

Two Schools Mix On Field And At Dance

Blue and gold, and scarlet and black did not only mix on the football field Saturday but also at the dance Santa Ana gave last Saturday night at the Orange Legion Hall with Fullerton J. C. students as guests.

The dance resembled a football game in more ways than one. Decorations were carried out so as to resemble the football field at Fullerton. The blowing of whistles marked time out between dances, while the water boys served punch in half pint bottles.

It was estimated that nearly two hundred and fifty students were present, all of whom owed their good time to Eddie Gerhart, Madelyn Morlock, Sterling Barnett and Ray Lindman who were in charge of amusements.

Young Appointed Vice-President Of J. C. Student Body

**Chosen By Executive Board In
Place of Resigning S. B.
Officer**

Charles Young, generally known as "Chuck", was elected to replace George Butler as vice-president of the associated student body. The election which was unanimous was made at the weekly board meeting held last Monday morning.

Young is well known among the student body. He hails from Orange high school where he was cheer leader, senior class president, and an active member of the dramatic class and basketball team.

Because of two much outside work, Butler was unable to carry on the work the office of vice-president demands. Young will serve as vice-president for the remainder of this semester.

Santa Ana Printers Hear Paul Crabtree

Members of the local chapter of the International Typographical union, held a banquet in the K. P. hall, Monday evening.

Eight students from the printing department and two members of the Don staff attended. Thomas E. Williams, printing instructor, introduced the principal speaker of the evening, Paul Crabtree of the Wulfer's Printing Company.

"The hand that keeps the world informed should be a thinking hand", said Mr. Crabtree in discussing the art of printing. Speaking to the students present he declared that to receive top wages a printer must have merit and hold the right attitude toward his work.

Faculty Women And Mothers "Y" Guests

New members of the Y. W. C. A. were welcomed into the organization at the meeting in the hut last evening.

The program opened with the processional, "Hymn of Lights", which was followed by the reading of the membership recognition service. Following the ceremonial, light refreshments were served.

Women of the faculty and mothers of the Y. W. girls were guests at the meeting.

High School Profs Complain Of Noise

The teachers in the east end of the high school building have complained of the noise in the arcades between classes. They seem to think that the junior college students are responsible for this noise and have requested Dean Fisk to check the disturbance.

Coming Events	
Wednesday, November 21—	Assembly 1 p. m. Cooperative club banquet at 6:30 p. m., small cafeteria.
Thursday, November 22—	Algol staff meeting, Don office, 7 p. m. A. W. S. dinner at Mrs. Northcross.
Monday, November 26—	Y. M. meeting city "Y" 6:30 p. m.
Tuesday, November 27—	Don staff meeting James cafe, 6:30 p. m.
Wednesday, November 28—	Beta Gamma dinner and meeting, James' cafe, 6:30 p. m.
November 29-30—	Thanksgiving recess.
December 3—	Junior Lions meeting.

SUCCESS

Everyone from Santa Ana was certainly pleased at the outcome of the student body dance held Saturday night at Orange. We only hope that Fullerton, our guests, had as good a time as those from our own college.

Eddie Gerhardt is to be congratulated for arranging what many students say was the best dance ever given at jaycee.

ALL OVER NOW

One thing only marred the proceedings of last Saturday and that was the outcome of the football game. Even if we could not win the championship we would like to have ended the most successful season we have ever had with a victory. But both teams cannot win.

Gone is the football season with all its excitement and glamor; gone are our hopes for the championship; gone is the trip to Hawaii, but it still remains in the dreams of the fellows that fought for it.

But disappointment in the past is always eased by hopes for the future. Our teams look good for next year, and when October rolls around again there will be the same spirit, the same hope, the same thrills that keep football in its place as the king of college sports.

DRIVE

We wish to call the attention of the men of the college to the fact that next week the Y. M. C. A. is asking and expecting the men of the campus to sign a pledge to cover the amount needed for this year's budget.

The "Y" has in the past and will

in the future do valuable work for the school and the community. It is up to each man of our campus to take this responsibility unto himself. The amount needed is nearly \$300. Will the goal be reached?

FOUND!

A student came in our office the other day and asked why the word "found" never appeared on the bulletin board. It seems that many such notices as "Lost-my-notebook", "Will the dirty bum that took my pen please return it", appear but never one that says "found".

FIRST QUARTER

Now that we have rounded the first lap of the school year there will be a tendency to let down in work. After working hard in preparing for exams students will be prone to let things slide.

Don't get into a rut; don't say to yourself "I'll do it tomorrow"; make your motto be "now".

ADVERTISING

A new student body vice-president takes his office this week, and we wish to express to him our congratulations, and to wish him success in his new undertaking.

Great things can be done for this school in advertising which is the job of the vice-president. A college with good publicity is worth twice as much to the community and to its students as one that no one knows exists.

And so we wish to express the hope that the new official will be able to prove his worth to this institution by his work in this office.

DID YOU KNOW

Barney Google has a glass eye?
Mutt and Jeff are twins?
Rod Smiley once "stepped out" with a girl?
Professor Beeman wrote a pamphlet and it was published?

The Hour of Rest

I sat beneath a spreading tree,
And watched the sight I love to see;
The glorious golden sun so bright
Be slowly veiled by clouds of light,
Beyond the sparkling mountains' head,
Where stealthy twilight groping treads.

Amid the flush of crimson light,
Where glory seemed to cheat the sight,
A gorgeous rainbow I did spy.
Spanning the tender eastern sky;
While rolling, distant waves did dance,
As if aflame their hues enhanced.

And now the sun had gone to rest,
Behind the mountains' darkening breast;
The world lay bound in a silent spell,
The wind was resting in the dell;
The birds had ceased their cheerful song,
And bees had gone to rest, anon.

Yet, as the darkness round me drew,
A golden light flamed into view;
And from the spellbound forests tall
I heard the distant owl's call;
While breezes murmured in my ears,
That day is done, and night is near.

—Virginia Barnes

Teacher: "What's that piece of paper doing behind that radiator?"
Melvin tiptoes over quietly: "It's not doing anything."

Judge: "Rastus, take the witness stand."
Rastus: "Yes, sir, where to?"

A moment of reflection—just think what a hard time two cross-eyed people would have looking each other in the eye.

Campus Chatter

Believe it or not, Jack Casey was seen waiting for a street car in Orange the other night.

Orange seems to be quite a popular place doesn't it, especially the American Legion dance. Chet Page and "Red" Edwards have joined Jack in believing Orange girls are the best.

Red Edwards: "Let's see, now. What should I study? No, I mean what do I have to study?"

Some people are so particular about what they eat that they always examine the macaroni to see that all's clean.

Said the bill collector: "Aw right, Dr. Jekyll, pay up or I'll take it out of your Hyde."

Ed Adams says he wishes he could be a Scotchman and wear kilts. Then he could take a skirt out without having to treat.

Bill H. and Art Gross are going to Fullerton to "Capture some Women". Wonder how well they'll succeed.

Dad: "Why are you always at the bottom of the class?"

Son: "I can't see why it makes any difference whether I am at the top or the bottom; they teach the same things at both ends."

Waiter: "Where is the paper that I gave you with your pie?"

Ichi-Kats: "Oh! I tho't that was the lower crust."

Son Of Dr. J. D. Spaeth, Princeton Professor, In Attendance Here

Declares He Hasn't Fallen In Love, But Finds Co-eds Attractive

"In spite of all the marvelous girls around Santa Ana junior college I haven't fallen in love yet, but it would not be hard by the looks of some of these girls. This is the first time I have ever attended a co-ed institution, so I didn't know exactly what to expect." Such as the reply of Paul Spaeth, former Princeton student who recently entered S. A. J. C., when questioned by the reporter.

His father Dr. J. D. Spaeth, is head of the English department at Princeton and chairman of the athletic board. For twenty-five years he coached the crew team. Every summer Dr. Spaeth teaches at the state university of Oregon and at the University of Southern California. Two years ago he spoke here at J. C., which undoubtedly some remember who were here at that time. He is famous as a speaker.

When fraternities were mentioned Paul replied that there were none at Princeton—only clubs. This was the suggestion of Woodrow Wilson, when he was president of that college.

Paul stated, "I came here particularly to take public speaking and dramatics, and I know that I could never have found a better place to attend than Santa Ana junior college. I'm sure glad I came."

He has been here one month and he thinks the college is ideally located, the students are exceptionally friendly and says it is so much easier to get acquainted here than at Princeton.

According to Paul, the standard at Princeton is very high and hard. The languages, such as Greek, Latin, English and all other languages are the most popular courses taken, while here the more practical work can be studied.

School Pins To Have Activity Guard

The school pins for this year are to be accompanied by a guard of some organization, according to George Tobias.

The pins will be the same as they have been in years previous. Each club is to select a guard, and students have the privilege of choosing the guard of the clubs which they belong that most appeals to them. They will be approximately the same size. At the present time the executive Board, the Bachelors, the Press and Shea Shell Social clubs have decided on their guard. The cost of the pin and guard will be \$1.25.

Music Notes

Albert Hay Malotte will have the world for an audience. Engaged by the Fox organization, as official organ accompanist for Movietone productions, Malotte's playing will be carried to the far corners of the earth. In the mammoth Fox establishment in Westwood, he is to work out scores and play them, and the wonder of recording will make it possible for audiences everywhere to hear him.

"The effect of sound films on musical taste in America," says Malotte, "is bound to be felt. Little theaters in small towns, where an electric piano hitherto has been the height of musical effect, can now hear carefully planned music on a great pipe organ."

"The instrument is tremendous in its equipment. Once the auditors of it would have been limited to those who could come to Los Angeles. Now it can be diffused."

Honoring the hundredth anniversary of Schubert's death, the Philharmonic orchestra will devote its next concerts exclusively to the master's work on Thursday evening, November 22, and Friday afternoon, November 23.

George Schneevoght will direct the B major and C major symphonies, Kathryn Meisle, noted contralto, will offer two groups of Schubert lieder, including "Aufenthalt," "Andie Musik," "Die Allmacht," "Dem Unendlichen," "Wohin," and "Der Erlkoenig." The first three will be given in orchestra, the others with piano accompaniment.

Henri Lle Busscher has won fame on two continents as an oboe player of unexcelled artistry. It is not so generally known that he has an exceptionally beautiful tenor voice, schooled in the best French methods, along with the sensitive musicianship that he has developed as first soloist of great orchestras.

"Have you a license to drive your car?"

"No sir."

"Why not?"

"I'm an undertaker."

A Bright Student: "Do you see that hill over there?"

A pal: "Yes, I see it, and what about it?"

Student: "Well, that's a bluff."

Meeting Cancelled

On account of the death of Mrs. C. C. Stewart, wife of the faculty adviser of the Press club, the organization has cancelled its meeting called for tonight.

The next meeting of the club will be in the form of a Christmas party at the home of Ruth Ann Walker, on December 14.

Gay Parisians Feted At Two Luncheons

The Gay Parisians, a club composed of the students of the 12 o'clock French section, have enjoyed within the month two luncheons served in the French room.

At the first of these, on October 31, Anna Pickering, Isabel Siracusa and Myron Dungan served as hostesses and host. All Saints Day was observed at this meeting, its history being read in French by Florence Caverly. Original French comedies and group singing completed the program.

At the second meeting, held on November 15, a dainty luncheon was served by Dorothy Deihl, Esther Guiton, and Rose Marie Smith. Short plays written by Ed Gerhardt, Isabel Siracusa, and Mary Harlow were read. Rose Marie Smith played two beautiful violin numbers. The remainder of the time was occupied by amusing French games, introductions and conversation in French.

Felix Garnsey and Eddie Gerhardt afforded much amusement by a spontaneous French argument terminating in a deluge of hot chocolate, much to Eddie's discomfort.

Patty

Y. W. C. A. Outlines Program Of Appreciation For Year's Study

Literature Discussion By Mr. Glenn Opens Series Of Addresses

Wanted: An art of appreciation.

That certainly is one wish which ought to be easily gratified, because the Y. W. C. A. has answered the S O S and as a result has outlined a series of programs throughout the year program of appreciation.

Only one talk, the "Appreciation of Literature" by Mr. Glenn, has been given so far this semester. Mr. Glenn's talk was very successful and the discussion which took place after the meeting added to the interest and pleasure of the program.

At one of the future meetings, Miss Mary Batten will speak on the "Appreciation of Modern Music", a subject which should prove interesting to everyone.

Miss Batten will also speak on the "Appreciation of Music in General", at a later meeting.

Miss Floy Donaldson will discuss the different types of art, and will show us how to differentiate between certain medieval costumes and designs, in her lecture on the "Appreciation of Art".

It has also been planned to have Mrs. Maisden entertain the group during the year with a discussion of "Folk Songs" and with vocal selections.

Miss Suzanne Deanne will talk on the "Appreciation of Life".

These meetings promise to be very interesting as well as helpful, and the discussions which take place at every program, give everyone an equal opportunity if expressing his own opinions.

In the meetings at which there will be no speaker, several of the girls will give book reviews, and it has been planned to alternate the book reviews and the talks on appreciation.

Because such a variety of things have been chosen for each program, the meetings promise to be of exceeding interest, for it has always been said that "Variety is the spice of life".

Dear Folks:

Is it as cold over there as it is here? I nearly froze yesterday; so this morning I tried to find a new coat, but didn't buy one yet. It seems that fur jacquettes are the most popular for daytime wear, but they cost quite a bit.

I did try on one coat that I liked awfully well and I may go back and get it. The material was beige and brown tweed; the collar was a long flat scarf of caracal. It was made straight and plain with patch pockets. I'd have taken it but there was a dress that went with it and I didn't have enough money to pay for both of them. The dress was a beige colored novelty jersey made with a long blouse and trimmed with stitching and bow knots of the material. It certainly is a good looking ensemble and I'll buy it yet if I can get a hold of enough money. Tweed and jersey seem to be the best materials for sport wear this season. Circular skirts are popular again too, even for sport. Sally really should have one of these adorable printed or plain jerseys with the linen collars and cuffs. A brown one would look well on her.

Well, I have promised one of the girls that I'd help her choose a new hat. I hate to go with her because she insists on wearing one of those with the very high crown and no brim. She really looks terrible in them!

Collegiate News

SAN BERNARDINO, NOV. 13, (ANS)—"Carmelita" a musical skit in Spanish style by two members of the junior college faculty, will be presented in the Associated student body assembly to be held Monday, November 19, in the college gymnasium. Mr. Benjamin Edwards, instructor of music at the college, wrote the tunes to the operetta, while Dr. Tempe Allison, dean of women and English instructor, wrote the words.

GLENDAL, NOV. 15, (ANS)—G. J. C. has changed the name of her publication from the Broadcaster to the Galleon, Glendale junior college. Class supremacy of Glendale junior college was decided during

the week of December 9 to 15, when the sophomores and freshmen met in the first interclass competition. There were to be five events, namely: tug-o-war, flag rush, interclass debate, and men's and women's basketball games.

At a meeting of the language teachers of the county held here November 15, the girls of the German club assisted Miss Watson in serving a lunch.

Chaffey

Archery is being offered to the girls at Chaffey for physical education. A number of bows and arrows have been purchased from "Chief" Compton in Ontario.

FOOTBALL BEHIND—
BASKETBALL AHEAD

DON SPORTS

FOOTBALL BEHIND—
BASKETBALL AHEADDons Defeated By Yellowjackets In
Final Conference Game; Dugger And
Philippi, Opposing Fullbacks, StarFinal Games Give
Bulldogs Pennant

In the games over the week end the scores would indicate that the losing teams were either awfully poor or the winners were unusually good. There was only one real upset, the Fullerton-Santa Ana fracas. The other two games came out as expected with the exception of the scores.

Pasadena defeated Long Beach by the score of 44-6, and Compton swamped the Glendale gridders by 53-6. These results virtually give Pasadena the conference championship. Fullerton and Pasadena are tied for first place, but the Bulldogs defeated the Yellowjackets earlier in the season. It is quite probable that if they play off again the Yellowjackets may give the Pasadenans a wallop.

Chaffey is conceded to win the Eastern conference and unless they have improved a lot, the the Eastern conference eleven has little chance to trek to Hawaii.

"Pollywogs" Take
"Staples" 32 To 15

Continuing toward the championship the undefeated Pollywogs last Friday trampled Staples team to the tune of 32 to 15.

This defeat is all the more impressive when the fact that the Pollywogs were at a disadvantage is considered. Lacking two of their stars and another dependable player on account of the flu, the Pollywogs faced their opponents at a disadvantage.

The Staples six held the sophomores during the first quarter, but during the second quarter the Pollywogs broke loose. From then on, in spite of all the freshie's efforts to the contrary, the sophomore score grew rapidly.

"Dodo" Team Wins
From "Tantalizers"

Last Friday the Tantalizers again fell before the onslaught of Dodo Harman's team, this time by the narrow margin of 25 to 27.

The score at the end of the half was 17 to 13 in the freshie's favor. Both teams played their usual game.

IDAHO, TECH.—Five carloads of equipment were used in furnishing the new science laboratories.

CAL TECH.—The civil engineering department at Cal. Tech. are testing "blimps" for the government at present. They are testing for girder strength.

Dons Make 12 First Downs To
Fullerton's 5, But Fail To
Gain Lead In Score

Led by patent young Philippi, coach Art Nunn's Fullerton yellow-jackets were able to score a decisive victory over coach "Bill" Cook's Dons.

Santa Ana made twelve first downs to five of Fullerton, but as has been the case all season, Fullerton made theirs when they were most needed.

The Dons made their lone tally in the first period after having been halted on the one foot mark, where Norton went over on a short line buck. Santa Ana was moving up and down the field at will.

Fullerton's first score came as a result of an intercepted pass by Philippi, who ran 70 yards through a clear field. Their second score again represented Philippi, when he caught a Santa Ana safety man fast asleep and threw a 30 yard heave to Schulte, who received the ball unmolested across the Don's goal line. Both conversions were made. The last Fullerton score was also the result of a series of passes and line bucks.

The Dons seemed to be the better team until the half, but from this point, the home team took the glory to themselves.

Fullerton played heads-up football and deserved to win.

Hylton and Dugger were the outstanding stars for the Dons, with Philippi starring for Fullerton.

The lineup:
Hafer LER McCormick
Miles LTR Groom
Werner LGR Davis
Woodington (c) C (c) M. Curtis
Weaverling RGL Del Giorgio
Hylton RTL Gold
Warner REL Schulte
Norton Q E. Curtis
Manderscheidt LHR Hatfield
Guyer RHL Hughan
Dugger F Philippi
Substitutions: Santa Ana—Lusk, Carlyle, Cook, Edwards, Stump, Dutton, Goodbody, Harris, Crawford. Fullerton—Dauser, Bogue, Jewett, nett, Bogue.

J. C. Boxing Classes
Reported Progressing

The boxing classes seem to be progressing very rapidly. Bill Cook's two "heavyweights" are the main attraction. "Kenny" Maxwell received a shiner the other day.

Passes completed: Santa Ana, 3 for 25 yards; Fullerton, 2 for 60 yards.
Penalties: Santa Ana, 5 yards; Fullerton, 10 yards.
Fumbles: Santa Ana, 1; Fullerton, 1.

SCORE BY QUARTERS

Santa Ana 6 0 0 0—6
Fullerton 0 7 7 6—20

SPORT SHORTS

With football passing out of view, the basketball players are out, and getting in shape for the coming season. With a little support from the students it looks as if S. A. J. C. will have a real team.

Merle Xquel, star forward, is back again with his old "Eagle eye" and it appears to be serving him well.

Girls' basketball seems to be moving along rapidly despite the lack of interest displayed by student rooters.

George Butler and Chet Chandler may be found on the tennis courts often. With all the pre-season practice that is going on there promises to be much competition for the tennis team this year.

The second string won an 18-13 game in scrimmage last Tuesday afternoon.

Looks bad for the first string. Maybe it was as a result of "Reg" and "Nort" not being in the lineup.

Freshman-Sophomore Grid Battle
Is Called Off; J. C. Lettermen For
This Season Are Announced By CookLack Of Interest From Fellows
Is Given As Reason For
Cancelling Game

LATE BULLETIN

The frosh-soph football classic, scheduled to take place on the coming Friday, has been called off, according to reports received from Coach Bill Cook late last night.

Lack of interest in the affair by the football fellows was given as one of the reasons for his decision. Difficulty in obtaining the field for the game was also said to be a reason, according to Lyles McNairy, athletic commissioner.

LETTERMEN ANNOUNCED

The football lettermen for this season were announced yesterday by Coach Bill Cook. Seventeen men were included in the list of men who will receive an insignia for their work.

Those receiving letters are: Captain Woodington, Rust, Norton, Dugger, Hylton, Warner, Hafer, Warner, Manderscheid, McLean, Guyer, Harvey, Goodbody, Griswold, Weaverling, Stump, and Miles.

HOLD BANQUET

A football banquet, honoring the fellows of the team, will be held in the near future, according to Lyles McNairy. At this time the captain for next year will be elected.

Chet Page, who arranged last year's high school football banquet, is in charge of this affair. He promises to present a good program, including prominent gridders from U. S. C. if possible.

"Pollywogs" Trample
"Tantalizers" Wed.

Last Wednesday, in what proved to be one of the fastest games of the season, the Tantalizers were forced to accept defeat once more at the hands of the powerful Pollywogs. The Tantalizers were the first to score, but the Pollywogs soon took the lead with a safe margin.

Only once did the losers even threaten to tie the score—when in the third quarter they staged a rally with several long field goals. The avalanche was soon checked, however, by the close guarding of the Pollywogs.

Pasadena J. C. The new stage in the auditorium will be finished about December 15. This will finish the appearance of their auditorium.

U. of NEVADA.—In a recent psychology test given here the women received higher averages than the men.
